

REVISED DETAILED QUOTATION

Complete Shopify Ecommerce Setup for Silver Jewellery Business

Prepared For	Silver Jewellery Business Owner
Prepared By	Atharva Sachin Joshi
Project Type	Shopify Store + Ecommerce Operations Planning
Product Volume	500+ silver jewellery products, variants applicable
Quotation Date	02 June 2026
Validity	15 days from quotation date

Commercial Revision Note

Option A has been revised to a final non-negotiable price of INR 30,000. Option B is adjusted according to the product upload rate of INR 20 per product. For 500 products, product upload is INR 10,000, making Option B INR 40,000 onwards.

1. Project Understanding

- The business wants to sell silver jewellery online using Shopify.
- The product catalog is expected to contain 500+ products.
- Products may have variants such as size, weight, polish, design, stone type, finish, or price difference.
- The client needs ecommerce account guidance, domain connection, payment workflow, shipping workflow, launch planning, and optional ads or management support.
- Product photography and ongoing ecommerce management are separate from the one-time Shopify setup unless specifically added.

2. Recommended Project Structure

Component	Purpose	Pricing Type
Shopify store setup	Create and configure the online store	One-time
Product upload and variants	Upload/organize products, images, pricing, SKUs, and variants	Per product / batch-wise
Photography	Product shoot, editing, naming, and matching images to SKUs	Separate
Store management	Monthly updates, orders, stock coordination, and support	Monthly
Ads management	Meta/Google setup, campaigns, optimization, and reports	Monthly + ad budget

3. Option A - Shopify Store Setup + Launch Package

Suitable For: Client wants the Shopify store structure, design, payment, shipping, domain, and launch setup. Daily operations, bulk product upload, ads, and customer/order management are not included in this option.

Service	Details	Standard Amount
Shopify Store Setup	Shopify account guidance, basic settings, currency, store configuration, checkout basics	Included
Premium Jewellery Website Design	Luxury silver jewellery theme setup, homepage design, header, footer, and mobile layout	Included
Pages Setup	About Us, Contact Us, Privacy Policy, Refund Policy, Shipping Policy, Terms and Conditions	Included
Collections / Categories Setup	Rings, earrings, bracelets, chains, anklets, new arrivals, best sellers, and required categories	Included
Payment Gateway Guidance	Razorpay/payment workflow guidance; KYC and approval remain client responsibility	Included
Shipping Workflow Guidance	Shiprocket/manual shipping workflow guidance and shipping settings	Included
Domain Connection	Domain setup and connection guidance	Included
Launch Testing	Mobile checks, basic checkout checks, navigation checks, and final handover	Included
Final Option A Price	Final non-negotiable revised package price	INR 30,000

Option A Includes

- Complete Shopify store setup and launch-ready structure.
- Premium jewellery website theme customization using Shopify theme editor.
- Homepage, collections, policy pages, contact flow, mobile layout, and launch testing.
- Up to 25 sample product uploads only for structure/demo purpose.

Option A Does Not Include

- Bulk upload of 500+ products.
- Complex variant setup for all products.
- Product photography, photo editing, model shoot, studio setup, or image retouching.
- Monthly store management, customer support, order handling, or ads management.

4. Option B - Complete Store Setup + 500 Product Upload Package

Suitable For: Client wants the complete Shopify store launched with 500 products uploaded and organized. Monthly store management, advertising, and photography are still quoted separately.

Service	Details	Amount
Option A Store Setup + Launch Scope	Complete Shopify setup, premium design, pages, categories, payment, shipping, domain, mobile optimization, and launch testing	INR 30,000
Product Upload - 500 Products	Product title, price, category, image upload, basic description, and tags at INR 20 per product	INR 10,000
Basic Product Organization	Basic category mapping and simple product data organization	Included

Service	Details	Amount
Adjusted Complete Package Price	Option A INR 30,000 + 500 products x INR 20	INR 40,000 onwards

Product Upload Rate

Product Quantity	Rate	Upload Amount
500 products	INR 20 per product	INR 10,000
Additional products	INR 20 per product	As per actual count

Important Product Upload Notes

- Client must provide final product names, prices, categories, SKU/product codes, images, and available variant data.
- Advanced copywriting, advanced SEO descriptions, bulk image editing, or complex variant cleanup can be quoted separately if required.
- If product data is incomplete or inconsistent, timeline and pricing may be adjusted according to the extra cleanup required.

5. Monthly Store Management Optional

Monthly Work	Details	Price
Store Management Retainer	Order coordination support, product updates, stock coordination, basic content updates, and support	INR 18,000 per month onwards
Extra product updates beyond agreed monthly limit	Charged separately based on quantity and work complexity	Separate
Minimum commitment	One month	1 month

6. Optional Ads Setup and Ads Management

Ads Work	Amount
Meta Business setup	INR 2,000
Pixel/catalog setup	INR 2,000
First campaign setup	INR 3,000
One-time ads setup total	INR 7,000
Monthly ads management	INR 8,000 per month
Ad budget	Paid separately by client directly to Meta/Google

Ads Disclaimer: Sales are not guaranteed. Ad results depend on product demand, pricing, creatives, audience, budget, competition, website trust, and market response.

7. Photography

- Product photography, model shoot, studio setup, photographer charges, and advanced photo editing are not included in Option A or Option B.

- Photography can be handled by a separate photographer. We can coordinate the shoot if required, but photography charges will be separate.
- Suggested basic product photography may range from INR 30 to INR 80 per product depending on shoot quality, lighting, angles, and editing requirement.

8. Client Responsibilities / Not Under Our Direct Responsibility

Responsibility	Details
Product pricing	Final product price, discounts, silver rate changes, and making charges must be decided by client.
Stock accuracy	Client must confirm available stock, sizes, weights, variants, and SKUs.
Product quality	Purity, material quality, defects, damage, and replacement responsibility remain with client.
Packing and dispatch	Physical product packing and courier handover must be done by client/shop team.
Refunds and returns	Final approval for refunds, returns, cancellations, and replacements remains with client.
Bank/KYC/OTP	Razorpay, Shopify, Shiprocket, GST, PAN, bank verification, OTP, and KYC must be completed by client.
Legal/GST compliance	Business registration, tax, invoice, GST, and legal compliance remain client responsibility.
Ad budget	Meta/Google ad spend is paid by client directly and is not included in service charges.
Sales guarantee	No guaranteed sales/revenue commitment. Ecommerce performance depends on multiple business and market factors.

9. Exclusions

- Shopify subscription charges.
- Domain purchase or renewal charges.
- Paid Shopify apps or app subscription charges.
- Razorpay payment gateway charges and settlement fees.
- Shiprocket shipping charges and courier costs.
- Meta/Google ad spend.
- Photography, model shoot, studio rental, product styling, and photo editing charges.

10. Payment Terms

Milestone	Option A	Option B
Advance before starting	50% of final price	50% of final price
After design/store structure approval	25% of final price	25% of final price
Before final launch/handover	25% of final price	25% of final price
Monthly management	Monthly advance	Monthly advance

Milestone	Option A	Option B
Ads management	Monthly advance	Monthly advance

11. Timeline Estimate

Package	Estimated Timeline
Option A - Store Setup + Launch	10 to 15 working days after receiving details
Option B - Setup + 500 Product Upload	25 to 40 working days depending on product data readiness and variants
Ads setup	3 to 5 working days after store launch and asset readiness
Photography	Timeline depends on photographer, product availability, shoot quality, and retakes

12. Required From Client Before Starting

- Business name, logo, address, contact number, WhatsApp number, business email, and social links.
- Domain preference or existing domain details.
- Razorpay/Shiprocket/GST/PAN/business bank readiness.
- Final category list for products.
- Sample 10 products with images, pricing, weight, SKU, sizes, and variant details.
- Final return/refund/cancellation policy decision.
- Decision on Option A, Option B, monthly management, ads, and photography scope.

13. Final Summary

Package	Price
Option A - Shopify Store Setup + Launch	INR 30,000
Option B - Option A + 500 Product Upload at INR 20/product	INR 40,000 onwards
Monthly Store Management	INR 18,000/month onwards
Ads Management	INR 8,000/month
Photography	Separate quotation
Ad Budget	Paid separately by client

Recommended Plan: For a 500+ product silver jewellery business, Option B with monthly management is recommended. Ads should start after the website, products, payment, shipping, and policies are properly ready.
